TRANSMITTAL OF INFORMATION DISCLOSURE STATEMENT
FILED CONTEMPORANEOUSLY WITH THE APPLICATION

(37 C.F.R. §1.97(b)(1))

Pursuant to 37 CFR §1.97 encouraging the filing of an Information Disclosure Statement, Applicants submit this paper in compliance with their duty of disclosure as set forth in 37 C.F.R. §1.56.

Applicants wish to introduce art having some relevance to the present application, which has been listed on attached Form PTO/SB/08A. The form includes one (1) U.S. patent documents, three (3) foreign patent documents and two (2) literature items that were provided as a result of the PCT International Search Report mailed December 9 2004, attached herewith.

Applicants do not admit that any of the information provided is necessarily prior to their invention, but rather it is information of which Applicants are aware and believe should be provided to the Office in fulfillment of the duty of disclosure. Any question that may arise regarding the priority of a specific document shall be resolved during prosecution.

The information provided is in the English language, or an English language corresponding patent has been identified. The referenced art is being cited for the express purpose of providing the Patent and Trademark Office with the opportunity to make an evaluation and to arrive at an independent assessment of materiality of each document, if any, to the examination of this application. In addition to the prior-art references cited in the Search Report, Applicants have also included U.S. patent application publication number 2002035952 A1 that is a family member of the cited foreign references. The U.S. patent publication has been listed on form PTO/SB/08A because it is listed as a patent family member for EP 1 167 317 and because it is in the English language. Applicants respectfully request that the information cited be made of record in the subject case.

It is noted that the Office has waived the requirement under 37 CFR 1.98 (a)(2)(i) for submitting a copy of each cited U.S. patent and each U.S. patent application publication for all U.S. national patent applications filed after June 30, 2003 and for all international applications that have entered the national stage under 35 USC § 371 after June 30, 2003.

IDENTIFICATION OF TIME OF FILING THE INFORMATION DISCLOSURE STATEMENT

The Information Disclosure Statement submitted herewith is being filed contemporaneously with the filing of the present application. No certification or fee is due with this filing of the Information Disclosure Statement. 37 C.F.R. §1.97(b)(1).

Respectfully submitted,
